84 MINERS TRAPPED TWO MILES DOWN

Business Growth In County Tops Nation's Average

(Special to the Ledger & Times)
NEW YORK, Oct. 20 — The spirit of individual enterprise is still flourishing in Calloway County, judging by the rate at which new business have been springing up.

Local residents, with the urge to be on their own, have raised the county's non-farm business population to a new high.

The story is told in a joint report, just issued by the Department of Commerce and the Department of Health, Education and Welfare, based on tax reports submitted by employers.

Local residents, with the urge to be on their own, have raised the county's non-farm business population to a new high.

Work Is Progressing On New Store Front

Work is progressing on the new front of the Tolley Food Market and Consolidated Store. A stucco front is being placed on the building which is owned by Mrs. Mary Louise Baker and Joe Whitnell.

Billy Graham Is Stopped By Governor

COLUMBIA, S. C. UPI — The South Carolina governor has won his fight to keep evangelist Billy Graham off the statehouse steps.

Gov. George B. Timmerman Jr., protested strongly when it was learned that a Graham rally was to be held on the steps of the statehouse here Sunday.

Sponsors of the rally backed down Thursday and decided to hold the meeting at nearby Ft. Jackson.

Timmerman had first charged that the evangelist is an advocate of desegregation. He also said that if the service were held on state property, it would violate a constitutional provision for separation of church and state.

Gov. Frank Clement of Tennessee, a close friend of Graham, Thursday wired the evangelist.

"Today if Billy Graham wanted to hold a meeting on the Capitol grounds in Nashville, I would order the remodeling work halted and the heavy machinery moved and the debris cleared to make room for the meeting, because I can't think of any man who would be more welcome there or who would do more good."

North Carolina Gov. Luther Hodges said he would have no objection to Graham preaching on the statehouse grounds in Raleigh. "Knowing Billy as I do," he said, "I would not oppose it."

Graham's only comment on the change in plans at Columbia was that he was delighted to go to Ft. Jackson. He has been invited there before, but he never had a chance in my schedule to go."

YBMC AT KIRKSEY
The Kirksey PTA will prepare the meal for the Young Business Men's Club at the school on Monday night, October 27 at 6:30. Members are reminded of this location of the meeting.

CAUSE FOR CONCERN
NEW DELHI (UPI) — India was beginning to feel concern today over Soviet publications arriving here with maps showing large chunks of Indian territory as part of Communist China. The latest Soviet magazine, New Times, shows sections of the north-east frontier agency as belonging to the Chinese Reds.

NEW ROAD CUT FROM EAST MAIN TO CHESTNUT — Pictured above is the new road, or by-pass, which is being cut from East Main Street just east of the railroad, to Chestnut Street.

A pile driver is shown driving piling into the ground to bridge a creek bed just south of the J. G. Chemist Company, the building on the right.

Pilings have been driven deep into the ground and will be capped with a concrete "T" on which a pre-formed bridge will be set. The road has a sixty foot right-of-way.

The drainage ditch on each side has been cut and the road gravelled. It is expected to take much of the traffic off of North Fourth Street in the future.

The large pile of gravel is a stockpile for the state highway department. The new highway barn will be constructed at this site. The area above is just north of the Calloway County Soil Improvement Association and the Stokes Tractor & Implement Company, both of which are located on the new by-pass.

Rotarians Hear Two Murray State Students

Miss Sue Scarbrough, daughter of H. M. Scarbrough and Miss Ann Falwell, daughter of John Falwell, both students at Murray State College, addressed the Murray Rotary Club yesterday on the subject of Mexico.

The Murray students were introduced by Harry Penon, of the International Service Committee of the club.

Both girls spent last summer in Mexico with Miss Scarbrough staying in Mexico City and Miss Falwell staying in an Indian village about 300 miles north of Mexico City.

They described life in Mexico and gave some idea as to the educational system there. Miss Falwell told of some of her experiences while living in an Indian village of approximately 1500 persons.

Miss Scarbrough is a pre-medical student and Miss Falwell is a psychology major at Murray State.

Visiting Rotarians were John Upchurch, Clyde Cates, and Bill Balch of Paris, and C. V. Thompson of Paducah. Pat Gingles of Nashville was a guest of Edwin Cain.

Next Thursday the Rotary Club will participate in an inter-city meeting at Mayfield. The meeting will be held at the Merit Club House at 6:30 p.m.

New Telephone Books Are Delivered

The Southern Bell Telephone and Telegraph Company delivered the new telephone books which will be used with the dial system.

The new books are not to be used until then. The dial system will go into effect on midnight of November 8.

The local telephone office is running a series of advertisements on the new dial system, how to use it and when it will go into effect. Readers are asked to direct their attention to these ads.

HOME COMING PARADE ROUTE

Begins at 1:30 p.m. Saturday Proceeds down Main street to court square, turns right at Lerman's, then around court square. Parade turns off on North Fifth after completing square, then on to Olive, back to college.

Game time, Tennessee Tech Eagles vs. Murray State, 8:00 p.m., Carlisle Gutchin Stadium.

NIXON HOLDS TRUMAN
The vice president hailed Truman Thursday night as "a gallant warrior" of the political campaigns.

"There is no war party in the United States," Nixon said again. "The only party of treason in the United States is the Communist Party."

On the civil rights issue, Nixon said "the Democratic Party has one hand tied behind its back" by the opposition of its Southern leaders to the "good" talk of Northern Democrats.

FORESEES NO FLU
NEW YORK (UPI) — New York's Health Department does not foresee a widespread epidemic this year of Asian flu, Morris Greenberg, head of the Bureau of Preventive Diseases, said Thursday.

RANDALL PATTERSON AND LESTER NANNY have been named as the Calloway County co-chairman of the United Fund Campaign Drive by Harvey Ellis, Fund Drive Chairman. The drive will be launched with a kick-off dinner on October 28th at the Murray Woman's Club House. The goal has been set at \$20,000.

Nixon Meets With New York Candidate

By RAYMOND LAHR
United Press International
WASHINGTON (UPI) — Vice President Richard M. Nixon has a last-minute meeting with New York's Republican gubernatorial candidate Nelson A. Rockefeller today before heading into the state capital to campaign in Wisconsin.

Campaigning in Wisconsin at the same time was Nixon's erstwhile rival Sen. Estes Kefauver of Tennessee, second man on the Democratic ticket in 1956.

Nixon scheduled a 30-minute breakfast with Rockefeller after considerable published speculation that the New York candidate was trying to disassociate himself from the party's national leaders. Nixon's aides said Rockefeller had telephoned to request the meeting.

Recalls Truman's Victory
In a speech to a Long Island Republican dinner Thursday night Nixon said the Republicans could win this year's elections "in New York and throughout the nation" in the same way former President Truman won election in 1948 over virtually all predictions.

Nixon said the Democrats had made the same mistake the Republicans made in 1948 — rejecting their campaign "speak" too early. He said the Republican campaign had moved "late but not too late." This election will be decided in the last two weeks.

Nixon indirectly debated civil rights issues Thursday with Truman, who returned to New York from a Boston speech shortly before Nixon's departure for Wisconsin. But Nixon's jibes at the Democrats were less sharp than in many of his campaign speeches, and he made a downright friendly reference to Truman, who in the past has declined to meet Nixon because of an asserted Nixon reference to "treason" in the Truman administration.

Nixon Hails Truman
The vice president hailed Truman Thursday night as "a gallant warrior" of the political campaigns.

"There is no war party in the United States," Nixon said again. "The only party of treason in the United States is the Communist Party."

On the civil rights issue, Nixon said "the Democratic Party has one hand tied behind its back" by the opposition of its Southern leaders to the "good" talk of Northern Democrats.

FORESEES NO FLU
NEW YORK (UPI) — New York's Health Department does not foresee a widespread epidemic this year of Asian flu, Morris Greenberg, head of the Bureau of Preventive Diseases, said Thursday.

Dr. Panzera Is President-Elect Of State Group

Dr. Pete Panzera, professor of Chemistry at Murray State College, has been elected president-elect of the Kentucky Academy of Science.

He will serve until next October as president-elect at which time he will be installed as president.

Dr. Panzera is the third person from the Murray Science department to be elected president of the Kentucky scientists in the last nine years. Dr. Walter E. Blackburn, head of the M.S.C. physical sciences department, was president in 1950-51, and Dr. A. M. Wolfson, head of biological sciences, was president in 1956-57.

The Kentucky Academy is composed of approximately 500 scientists from the colleges, universities and industries in Kentucky.

Dr. Panzera has been a member of the Murray State faculty since 1949. He holds three degrees, B.S., M.S., and Ph.D., from the University of Kentucky.

He is a member of the American Chemical Society and is secretary-treasurer of the Kentucky Lake section of the organization. He is president of the Murray chapter of the American Association of University Professors, and a member of the Board of Directors of the Murray Lions Club. He is also a member of Sigma Xi and Alpha Chi Sigma.

Roy Graham Road Will Be Paved

FRANKFORT, Ky. — Highway Commission Ward J. Oates has announced the award of a \$28,524 contract for bituminous surfacing on the Roy Graham Road in Calloway County.

The contract went to Middle West Roads Co., Louisville. The project extends from Ky. 121, 1.5 miles northwest of Murray, in a northerly direction to RH 1144.

Two other mine tragedies occurred Thursday, one at Shippingport, Pa., and the other at Kingwood, W. Va. Three men died in each accident.

Shocked relatives and friends of the still-missing men crowded around a fatality device known as a "tag board." As miners are brought to the surface their numbered tags are taken from the board, signifying to the families involved that their men are alive.

The cave-in thumped around the miners at 7:10 p.m. Thursday with a "bump" that was felt on the surface as far away as 14 miles.

Patterson said that "two encouraging factors" at the moment were that the rescued miners had been brought out from all three levels, and that indications were that the ventilating system was still working effectively.

Presses Back Tears
Mason Harrison, one of the survivors, told company officials at 2:30 a.m. when he was brought to the pithead that he saw at least eight men dead in the mine. Mayor Ralph Girdio, pressing back tears, issued a plea to Springfield's 8,000 citizens to have

Many Are Rescued But Little Hope Remains For Large Group

By DAVE HILTON
United Press International

SPRINGHILL, N.S. UPI — Weary rescuers worked deep in the rubble strewn Cumberland Coal and Railway Company mine here today in an effort to free 84 trapped miners. But a company spokesman said there was "little hope" any would be found alive.

The miners were among 172 trapped in an earth-shaking sent coal and rock slides roaring through the tunnels, closing portions of the mine.

Seventy-eight miners were rescued. Nine bodies were reported sighted in the mine by rescuers and one body was recovered, making the death toll 10.

Second Cave-in
It was the second major cave-in at Springhill in two years. The company said six "supervisory personnel" were in the mine when a "bump," or underground upheaval which results in the movement of the coal seam, trapped them at two levels.

Making Tests
It was reported the supervisory personnel were making tests to determine what caused a series of smaller bumps which occurred at the mine this spring and for a while threatened closure of the colliery. An explosion at the same mine two years ago killed 39 miners.

Draggerman, so-called because of a German named Dragger who invented their special equipment, pumped fresh air down the slope toward the two levels.

Harold Gordon, general manager of Coal operations for the parent firm of Dominion Coal and Steel Corp., went into the pit to direct operations. Gordon is a former miner and draggerman.

A heavy rain added to the gloom at the pithead where families of the trapped men gathered in silent vigil.

Work throughout Night
Some 80 masked draggermen and barefooted miners going into the pit in relays refused to give up hope and worked throughout the night under floodlights.

"We'll never give up," said draggerman Harry MacKinnon when he emerged grimy from the pit after working underground steadily for more than 14 hours.

The immediate area of the mine entrance was blocked off and only rescuers were allowed at the pithead.

The rescue teams attempting to free 55 men trapped at the 13,000-foot level were reported having difficulty with the seeping gas. Other men were believed trapped 400 feet deeper.

Has 30-Degree Slopes
The mine is believed by it operators to be the deepest in North America, with a 30-degree slope in some places. The term foot-level signifies the distance from the pithead, including diagonal and vertical measurements and stretches where the mine levels out at working areas.

Two other mine tragedies occurred Thursday, one at Shippingport, Pa., and the other at Kingwood, W. Va. Three men died in each accident.

Shocked relatives and friends of the still-missing men crowded around a fatality device known as a "tag board." As miners are brought to the surface their numbered tags are taken from the board, signifying to the families involved that their men are alive.

Three Injured In Wreck Early Today

Three persons were injured this morning in an automobile accident which occurred at the corner of 6th and Poplar Streets, according to police reports from the Murray Police Department.

According to policemen the accident occurred shortly after ten this morning. A 1957 Plymouth driven by E. Glen Pace of 300 South 13th Street, Murray, was struck by a car which failed to stop at the intersection, according to police reports.

G. A. Cox, Route 4 Hopkinsville, was driving his car, a four door Buick, south on 6th Street when his car ran into the car driven by Mr. Pace, who was driving east on Poplar, police indicated.

1923 Performance Is Repeated Tuesday

The Music Department of the Murray Woman's Club saw a repeat performance of a program in 1923 at the same location.

From a script written by Mrs. Charles Simons, the following sang or played famous hymns following the 1923 program: Mrs. John Pasco, reader; Mrs. Jim Hart, Mrs. Robert Baar; Mrs. James Rudy Albritton; Mrs. William Furgerson; Mrs. John Scott; Mrs. C. C. Winter.

The chairman, Mrs. James Rudy Albritton, presided at the meeting which was well attended. Hostesses were: Miss Lillian Tate; Mrs. James Converse; Mrs. Robert Baar; Mrs. Glenn Doran.

Attempt Made To Change Location Of U.S. Highway

ROSICLARE, ILL. UPI — Citizens of 23 Kentucky, Illinois and Tennessee towns met here Thursday night to boost their campaign for a straight-line federal highway from St. Louis to Nashville, Tenn.

Highway officials from the three states tentatively have approved another route that would carry the interstate four-lane highway through Dixon, Tenn.; Murray and Paducah, Ky., and Brookport, Ill.

Representatives of the citizens' group said their route would be 40 miles shorter and 100 million dollars cheaper than the approved route.

The straight-line highway would run from Nashville to near Princeton, Ky., across the Ohio River between Rosiclare and Godlands, then south to Harrisburg and near Herrin, Marion and DuQuoin, Ill., and into St. Louis. Speakers Thursday night said the straight-line route would promote industrial and recreational facilities in the area and would be a boon to the flour-milling industry of central Illinois and western Kentucky.

The Princeton, Ky., Chamber of Commerce, the originator of the

straight-line plan, will handle the group's data and co-ordinate its efforts.

Among speakers at the Thursday night meeting were Robert Dorris of Rosiclare, chairman of the Illinois group; Carl May of Hopkinsville, Ky.; Kenneth De Valley of Princeton, Ky.; and Clyde Flynn of Elizabethton, Ill.

Towns represented included Rosiclare, Elizabethton, Marion, Herod, DuQuoin, Carterville, Herrin and Cave-in-Rock, Ill.; Princeton, Edinville, Cadiz, Hopkinsville, Salem, Marion, Dawson Springs and Kuttawa, Ky., and Clarksville, Tenn.

Racers Hope To Remove Old Foe From OVC Race Saturday

Murray State College will play its most important game of the season Saturday when they meet the Tennessee Tech Golden Eagles in a homecoming tilt at Cuthbert Stadium at 8 p.m.

The day has been dedicated to Murray's founder and former president, Dr. Rainey T. Wells, who died June 15. It was Dr. Wells who named Murray's athletic teams the Thoroughbreds,

who secured the school a place in the old SIAA Conference, and who remained until his death the most ardent fan of the Racers. Dr. Wells' pep talks to Murray State Students during his presidency are legend in west Kentucky, and he is generally credited with originating the rousing school spirit that is a Murray State trademark.

In pre-game ceremonies the Homecoming Queen, Miss Louise Kershaw, and her two attendants, Mrs. Sally Davis, and Miss Alma Atwood, will be crowned and presented.

The Racers, out of the conference championship race with a 1-2 record, hope to remove Tech from contention with a victory Saturday. In last Saturday's victory over Morehead, the Murray team showed signs of reaching the potential predicted for them before the season opened.

For the first time during the season, the Racers had lots of offensive punch; their pass defense, a sore spot in the two preceding games, showed definite improvement; defensive play, as in previous games, was top-notch. Coach Jim Cullivan said that his team carried out pass defense assignments better than any Murray team with which

Pete Dawkins May Be In Lineup

By TIM MORIARTY
United Press International
Top-ranked Army and second-ranked Ohio State both are "hunting" for their important battles with sectional rivals Saturday.

The unbeaten Cadets were most concerned over the condition of halfback Pete Dawkins when they took off today for their date with the University of Pittsburgh, which will be televised throughout the East. Dawkins sustained a pulled thigh muscle in last Saturday's game against Virginia and hasn't even been near the practice field all week.

With fullback Harry Walters layed up with a sprained ankle and Dawkins regarded as a doubtful starter, Coach Earl Blaik indicated the Cadets will depend on their new-found air power against Pitt.

"This is a more crucial game for us than the one with Notre Dame," Blaik declared. "And the only possible way we can win it, considering our injuries, is by throwing the ball."

Four Walking Wounded
Ohio State, meanwhile, will have four "walking wounded" in its lineup against Wisconsin. Halfback Don Clark has a sore shoulder, while fullback Bob White, center Dan Frank and tackle Jim Tyrer have lingering leg injuries.

However, the Buckeyes, like Army, are one touchdown favorites to maintain their perfect record.

South Carolina knocked off previously unbeaten Clemson, 26-6, in their "Big Thursday" brawl Thursday, leaving only eight major colleges on the perfect record list. In addition to Army and Ohio State, they are Texas, Northwestern, Louisiana State, Mississippi, Colorado and Rutgers.

Texas, ranked fourth nationally, meets Rice in a "pick 'em" game that should have a major bearing on the Southeastern Conference race. The Owls suffered their only conference defeat at the hands of Texas last year and would like to return to complacency Saturday.

Iowa Over Wildcats
Sixth-ranked Iowa is a 10-point pick to hand Northwestern its first defeat, but all the other perfect record teams are heavy favorites. LSU is 12 over Florida, Ole Miss is 14 over Arkansas, while the odds makers declined to quote prices on Colorado's meeting with Nebraska and Rutgers clash with Lehigh.

Once-beaten Notre Dame, with fullback Nick Pietrosanti and halfback Norm Odyne listed as doubtful starters, was a slim two-point choice over Purdue in the Midwest regional TV game.

Auburn, the nation's No. 3 team, is expected to whip Maryland by at least two touchdowns while eighth-ranked Oklahoma is a four-touchdown choice over Kansas State.

Here is the lineup of other leading Saturday games:
Intercollegiate: Miami (Fla.) at Boston College; Oklahoma State at Cincinnati; Tulane at Kansas; College of Pacific at Marquette; Georgia Tech at Southern Methodist; Richmond at Villanova; Arizona State at Detroit.

East: Princeton at Cornell; Dartmouth at Harvard; Navy at Penn; Columbia at Buffalo; Rhode Island at Brown; Colgate at Yale; Syracuse at Penn State; Boston U. at Holy Cross; Connecticut at Delaware.

South: North Carolina State at Duke; Kentucky at Georgia; Alabama at Mississippi State; VMI at Davidson; Clemson at Furman; Wake Forest at North Carolina; Florida State at Tennessee; Virginia at Vanderbilt; West Virginia at Virginia Tech; Richmond, Va.

Midwest: Michigan State at Illinois; Minnesota at Michigan; Bradley at Drake; Miami (Ohio) at Indiana; Iowa State at Missouri.

Southwest: Tulsa at North Texas State; Texas A&M at Baylor; Wichita at Hardin-Simmons; Far West: Oregon State vs. Washington at Portland, Ore.; Stanford at UCLA; Southern California vs. Washington State at Spokane, Wash.; Idaho at Arizona; Utah at Air Force Academy; New Mexico at Wyoming.

he has been associated. Most of the 10 passes Morehead completed came against the third and fourth units in the last quarter.

Reserve tackle John Daniels, who was praised by Cullivan for his play in the last two games, suffered a badly wrenched knee in the game with the Eagles and will be out of action for at least two weeks. Three of the Breds, Jack Morris, Buddy Parker, and Dick Vincek, received facial cuts which required stitches. All, however, should be ready for action against the Golden Eagles.

Halfback Ronnie Babb, who scored two touchdowns and gained 89 yards in six running attempts, received most praise from Cullivan after the Morehead tilt, but he also pointed out the steady play of guard Ab Davis, end Jim Barton, tackle Daniels, Jim Chapman, and Charles Quertierous, halfback Corky Carman, and quarterback Wade Harper.

Cullivan said that Tech would be one of the strongest teams the Breds would play this season. "They have a strong running attack, good passing, and a big, tough line," he said.

In 23 previous games between the two schools, Murray has won 14, lost 8 and one was a tie. Last year the Eagles won 26-14 at Cookeville.

Probably starters for the game include: Stout, LE; Burton, LT; LH; Carman, RH, and Morris, RB; Davis, LG; Taylor, Center; Hick, FB.

erson, RG; Chapman, RT; Kaiser or Burton, RE; Harper, QB; Babb, TE. Last year the Eagles won 26-14 at Cookeville.

STARTS SUNDAY

The Murray Junior High Football team rolled over Paris 21-0 last night in the Tennessee stadium.

Murray scored single touchdowns in the first, third and fourth periods. Kim Wallis galloped 40 yards in scoring the first TD. Charles Robertson carried the ball across for the second on a 15 yard spurt and Kim Wallis completed a 25 yard pass to John Watson in the end zone for the final TD.

The Junior Tigers scored all of their extra points on runs with Charles Robertson and Ken Humphreys picking up two and one respectively.

The coaching staff singled out Tommy Latimer, Ronnie Roberts and John Hutson for particular praise on their fine defensive play.

ON NOVEMBER 8 ALL MURRAY TELEPHONE NUMBERS CHANGE !

Please wait 'til then
to use the
New Telephone Directory

At 11:00 P.M. Saturday November 8, all Murray telephone numbers change to a central office name and five figures. The new Murray telephone directory is now being delivered, getting ready for the big change. Please do not use the new directory before 11:00 P.M. November 8.

HERE'S HOW THE CHANGE WILL WORK
Exchange
Murray
Changes to
Plaza 3

This change to the new nation-wide numbering system paves the way for further expansion and improvements in both local and Long Distance service. As a result, some day you will be able to dial your own Long Distance calls direct to distant cities. Your cooperation is appreciated.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Jesse Wilburn Mathis

Mr. and Mrs. Jesse Wilburn Mathis will celebrate their golden wedding anniversary on Sunday, November 2, with an open house at their home on Farmington, Route One.

Mrs. Mathis is the daughter of the late R. O. and Catherine Guthrie Black, Farmington. Mr. Mathis is the son of the late James Morris and Sarah Ann Wilson Mathis of Farmington.

Mr. and Mrs. Mathis were married near Farmington on November 1, 1908 at the home of the bride's parents. The ceremony was read by the Rev. D. W. Folks, pastor of Beech Grove Presbyterian Church.

They have three daughters, Lucille and Mary Lee Mathis, Farmington, and Mrs. Masel Bobbitt of Paducah. All relatives and friends are invited to attend the open house between the hours of two and five o'clock in the afternoon.

Mrs. C. C. Lowry Speaks For Alpha's

Mrs. C. C. Lowry will speak on the World of Books at a meeting scheduled for tomorrow of the Alpha Department of the Murray Woman's Club. The meeting will be held at the Club House at 2:30 in the afternoon.

Hostesses will be Mrs. T. A. Hart, chairman, Mrs. Robert Hornsby, Miss Regina Senter, Mrs. Clell Pearson and Mrs. R. T. Wells.

The state of Rhode Island is the most densely populated in the nation, as well as being the smallest.

Social Calendar

Tuesday, October 28th
The Murray star chapter No. 333 OES will meet at 7:30 in the evening at the Masonic hall.

Wednesday Oct. 29
The third session of the Home Mission Study of the Methodist Church will be under the direction of the Wesleyan Circle and will be held at 7:30 o'clock in the Social Hall of the church. The public is invited.

Monday, November 3
The WMU of the Kirksey Baptist Church will meet in the home of Mrs. Jim Washer at 7 p. m.

The Toastmistress club will meet at six o'clock in the evening for a dinner meeting program at the Woman's club house.

Tuesday, November 4
The Murray Assembly of Rainbow for Girls will meet in the masonic hall at 7 p. m.

The Delta department of the Woman's club will be at 7:30 in the evening at the club house. Program leader will be Mrs. J. L. Hosick. Miss Bradley will speak on "The Insight Into The School for New Hope". Hostesses will be Mesdames Wells Purdom, B. H. Cooper, W. C. Outland, and F. E. Crawford.

Thursday, November 6
The Garden department of the Woman's club will meet at 2:30 in the afternoon at the club house. Program chairman will be Mrs. Mrs. E. C. Parker. Program "Home that Flower."

fresh as sunrise... lengthy, lofty Lamora sweaters

Nothing could be softer than the luxurious Lamora yarns in these Catalina sweaters. One is a side buttoned overblouse, one a cardigan with intarsia trim, one a drawstring pullover.

Tribes Offer Scholarships For Indians

By GAYLORD P. GODWIN
United Press International
WASHINGTON — (UPI) — Many Indian tribes which once regarded a brave skilled in hunting and fishing as a well-educated fellow, are now setting aside tribal money for college scholarships.

The Interior Department's Indian Bureau said the most recent allocation of Indian money

by the Wind River Shoshone Tribe of Wyoming, which set up a \$10,000 college scholarship program.

Reservation tribes are spending almost \$500,000 a year out of their own money for the higher education of their young people, the Bureau said.

Scholarship programs range from the \$750 appropriated by a small tribal group in North Carolina to the income from a five million dollar trust fund established by the Navajo Tribe of Arizona, New Mexico and Utah.

Twenty-four tribes now have school grant programs. The Indian Bureau said these are conducted through committees which carefully consider applications and closely follow the academic career of scholarship winners.

Terms and conditions vary with each tribe. Some, like the Navajo, request that scholarship students return to the reservation for at least a few years after graduation. Scholarships are ordinarily provided for students in nursing and other vocational schools as well as at liberal arts or technical colleges.

Glenn L. Emmons, Commissioner of Indian Affairs, said that thanks to the tribal scholarships and to other aids provided by governmental and philanthropic organizations, the number of reservation Indians studying beyond the high school level rose from about 2,300 in 1954-55 to more than 3,800 in 1957-58, an increase of about 65 per cent in three years.

Mr. Pace stated that Mr. Cox did not stop at the intersection, but added that he was not traveling at a high rate of speed. Police reports showed that the pace car was damaged on the left front and all along the left side. The right front fender was also damaged. No reports of damage to the car driven by Mr. Cox were given.

Police records show that Mrs. Ethel Cox, 73, and A. W. Bowling, 80, both passengers in the Cox car, were admitted to the Murray Hospital. Police also said that Mr. Cox was injured. Mrs. Cox suffered cuts on the head and a fractured ankle, and Mr. Bowling suffered bruises and shock according to the police report. The hospital was unable to give a report on the condition of the patients because the administrator was out today.

ORDINANCE NUMBER 217
BEING AN ORDINANCE DECLARING THE NEED, NECESSITY, DESIRABILITY, AND INTENT OF THE CITY OF MURRAY, KENTUCKY, TO ANNEX CERTAIN CONTIGUOUS TERRITORY TO THE CITY OF MURRAY, KENTUCKY, AND ACCURATELY DEFINING THE BOUNDARIES OF THE TERRITORY WHICH CITY OF MURRAY, KENTUCKY PROPOSES TO ANNEX.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF MURRAY, KENTUCKY, AS FOLLOWS:

SECTION 1. That it is needful, necessary, and desirable that the following described lands lying adjacent and contiguous to the present boundary limits of the City of Murray, Kentucky, be annexed to said City of Murray, Kentucky, and become a part thereof, to-wit:

Beginning at a 4-inch concrete marker 204.24 feet East of the Southeast corner of the intersection of North 18th Street and College Farm Road, Murray, Kentucky (said street intersection being marked with an axle), said beginning point being in the North line of the city limits of Murray, Kentucky as of 1958 and on the South side of College Farm Road; thence North 89 degrees 00' East 2,026.7 feet with the South side of College Farm Road to the centerline of North 18th Street; thence in a North-South direction 2.95 feet; thence North 83 degrees 18' East 840.7 feet with the South right-of-way line of Chestnut Street to a concrete corner marker placed on said right-of-way line (at a point approximately 75 feet East of North 15th Street); thence North 4 degrees 07' West 1,766.9 feet (with the West line of Orchard Heights Addition) to a 4-inch concrete corner marker; thence South 87 degrees 06' West 2,870.8 feet to a concrete corner marker placed on the South right-of-way line of Coldwater Road (Ky. Hwy. No. 121); thence South 4 degrees 20' East 1,759.5 feet to the point of beginning, said West line being 225 feet West of and parallel with North 18th Street. All of the distances and directions herein given are as shown on "Plan of the City Limits Extension, Murray, Kentucky," dated September, 1958," being Survey No. 58-174, Murray Book 1, page 78, as prepared by Elmer Y. Hollis, Registered Civil Engineer, Paducah, Kentucky.

SECTION 2. That it is the intention of the City of Murray, Kentucky, to annex the City of Murray, Kentucky, so as to become a part thereof, the territory described in SECTION 1 hereof.

Holmes Ellis, Mayor of City of Murray, Kentucky.

ATTEST: C. B. Grogan, city clerk 10-29C

faith and pray for the trapped miners.

It was two years ago, short one week, that an explosion at the now-closed No. 24 colliery resulted in the deaths of 39 miners, while 88 others were trapped for periods of up to three days.

Hundreds of Springhill residents, hardened by disasters which began in 1889 when 125 men died in a mine explosion waited in a cold, damp vigil at the pithead. In the scenes reminiscent of the 1936 disaster, mothers, wives and children of the trapped miners were straining rope barriers, waiting in silence.

Dragemen went down in shifts to the 13,000 foot level in attempts to free their comrades.

Crawls From Pit
One survivor, Bill Stephenson, who suffered fractures and lacerations, said he had to crawl on his hands and knees for more than 100 yards along a 45-degree slope with his miner's lamp blacked out. The lamp was extinguished by the force of the severe bump.

Stephenson was one of the first men to reach the surface and was taken with several others to Springhill's All Saint's Hospital. "We just sat there for a few minutes, dumfounded," said mine foreman James McMannerman.

McMannerman led the first survivors out of the mine with his group of dragmen.

Earlier fears of the presence of poisonous gases and damage to the pit's ventilating system were allayed by company officials early today, who said there was "enough air for the men to remain alive."

In a repercussion of the disaster, John Thompson, reporter from the weekly Dartmouth Free Press was fatally injured when his car crashed off the highway 40 miles east of here as he rushed to the scene.

Non Crop Pasture Not Eligible, Bank

Non crop open pasture and range lands are not "eligible" under the Soil Bank's Conservation Reserve program, Eufs Goodwin, Chairman, reminded farmers today. "Eligible" land, according to the Chairman, includes, first, any land from which a crop was harvested or which was in a regular crop rotation during the year immediately before the first year of a Conservation Reserve contract.

"This is the only time 'pasture' may be included in the Program — when it was in a regular crop rotation during the previous year," he declared.

Secondly, Mr. Goodwin explained, "eligible" land includes land from which tame hay was harvested for hay or silage in either of the 2 years immediately before the first year of a contract. (Tame hay is defined as a stand of perennial grasses or legumes normally established for hay by land preparation and seeding.)

"This is in accord with the legislation authorizing the Conservation Reserve," Chairman Goodwin said, "which directs that the

program practices shall be carried out on farm land regularly used in the production of crops (including crops such as tame hay, alfalfa, and clover), which do not require annual tillage."

Farmers who want to participate in the Conservation Reserve next year should keep in mind that land is not eligible for the program (1) when it is in non-crop open pasture or range, or (2) when it is planted to small fruit, vineyards, nursery stock orchard or nut trees — neither is the land between the rows of

these crops eligible. Land also is not eligible if it is owned by a corporation wholly owned by the Federal Government."

The Conservation Reserve — offering an initial cost-sharing payment for conservation practices and annual rental payments for the term of the contract — is the only Soil Bank program that will be available for 1959. The Acreage Reserve, which applies to "basic" allotment crops, is being discontinued after 1958.

ATTENTION Teen Aagers!

You teen aagers have many problems! Sure, they are hard to solve, but with the right kind of help, you can find the right answer.

Have you ever discovered that God can satisfy your longings? In His Church, you work and play with other teen aagers, sharing with them the experience of worship through music, Bible study, and prayer. Here you discover that others have passed through similar experiences, solved similar problems.

In the Church are adults who remember their own teen age tangles, and have come to realize that human beings are more or less alike, regardless of age. Here are leaders who can help and who really understand! The Church offers you teen aagers an opportunity to be yourselves at your very best, to exercise all your powers, to make life as wonderful as your rosiest dreams.

How about it teen aagers? Don't you want to give the Church a chance?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

4-H News

On October 13th the Faxon Sr. 4-H club met in the lunch room. The president, Ruth Roberts, turned the program over to vice-president, Perry Farris. Eddie Hale led the American pledge to the flag and Keith Hays led the pledge to the 4-H flag.

Connie Morgan was in charge of the devotional. President Ruth Roberts called on Secretary Marylyn Duncan to read the minutes and call the roll. There were 13 boys and 10

girls present. President Ruth Roberts turned the remaining part of the program over to Mrs. Mims, who showed films on the trip to Colorado. This was enjoyed very much. The group was dismissed by the president, Ruth Roberts. Reporter: Evelyn Donelson

LIKES PRISONS

WETHERSFIELD, Conn. (UPI) — The State Prison here has been having trouble with a stubborn inmate that doesn't want freedom. A homing pigeon took up residence in the prison and returns whenever freed.

4-H'ers to Parade Again During Chicago Congress

The 4-H parade pictured above is one of the exciting demonstrations that will be repeated in the amphitheater of the International Livestock Exposition during the 37th National 4-H Club Congress in Chicago. Thanksgiving weekend will usher in 1,300 champion 4-H Club members, sev-

The Congress opens officially on Sunday morning Nov. 30, at the Conrad Hilton hotel and closes with a banquet for about 2,000 on Thursday night Dec. 4, when more than 200 national 4-H champions will be saluted.

It is a celebration of 1953 national, regional, and state 4-H winners. Representing the best of 2,300,000 Club members.

By diligent and successful application of 4-H principles and techniques to project work these ambitious boys and girls have climaxed their 4-H career by attaining state honors. They have participated in one or more of some 50 different 4-H award programs conducted by the Cooperative Extension Service and an-

eral hundred state and national 4-H officials and many friends of 4-H who help to make the annual Congress possible. They arrive by train and plane from every state in the nation, and will be joined by delegates from Alaska, Hawaii, Puerto Rico, Canada and other foreign countries as well.

FHA News

The officers and one delegate from the Lynn Grove chapter of the Future Homemakers of America attended the District Officers Leadership Conference

of the Paducah District at the Mayfield High School October 18, 1953.

Judy McNeely a member of the Lynn Grove chapter, who is now serving as district recreation leader, lead in the talent show and relaxers for the meeting.

The chapter mothers, Mrs. Linda Whitlow and Mrs. Burt Carthey along with their advisor, Mrs. Bess Kerlick also attended. Anita Kimbro, reporter

4-H News

The New Concord Junior High 4-H Club met in the lunchroom Wednesday with the president, Daine Anderson, presiding.

Devotional was read by L. W. Patterson and Billy McCusiston led the group in the pledge of allegiance to the flag. The pledge to the 4-H flag was given by Joyce Yarbrough.

An election was held for club recreation leader with Shirley Sue Stubblefield being selected for that position. Four new members were present for this meeting.

Mr. Glen Sims and Mrs. Bartlett Wraether showed a film on a tour of Colorado.

Farmer May Move His Allotment

Any farmer with an acreage allotment who loses his farm because of public needs may, in effect, take his allotment with him to another farm, Roy C. Gray, Chairman of the Kentucky State Agricultural Stabilization and Conservation Committee, explained today.

Under a newly passed law, in event the State or Federal government takes over a farm for highway or other public use not involving the production of allotment crops, the farm's allotment will be put in a pool with the allotments of other farmers who have been displaced by a similar action. A displaced owner may then petition the county committee for return of his allotment for use only on another farm that he owns or acquires.

The displaced farmer has three years in which to make application for the return of the allotment.

HERE'S WHY NEW AP "DRI-FLOW" MUFFLERS LAST LONGER

New AP "Dri-Flow" Muffler (shown above) lasts longer on the inside because it eliminates a leading cause of muffer wear—cold spots where condensation collects. The muffer heat is spread evenly throughout the entire muffer, as shown by the evenly melted candles (above). Hot-spot, cold-spot design of most mufflers (see below) is shown by unevenly melted candles and heat-darkened area. Corrosive moisture collects in cold spots, hot spots turn out metal, shortening life of old-style muffler.

Old muffler life has become a major problem on millions of late-model cars. To solve this problem, AP makes a much stronger muffler. For years, AP mufflers have had up to 1/2" heavier heads, 1/2" heavier patented "Air-Liner" shells (exclusive with AP). Now the new "Dri-Flow" Design, which cuts down rustout and internal corrosion, makes AP mufflers last up to 25% longer. It's an unbeatable combination for longer muffer life: longer-lasting inside, longer-lasting outside. Insure your family's safety from dangerous carbon monoxide with AP—a premium muffler at regular price!

Corn To Be Eligible For Price Support

All corn harvested in Calloway County this fall will be eligible for price support provided it is of acceptable quality. Chairman of the County Agricultural Stabilization and Conservation Committee announced today.

For corn produced in compliance with the farm acreage allotment, the support rate for farm-stored corn in the county will be \$1.43.

For corn not produced in compliance with allotments, the rate for farm-stored corn will be \$1.13.

The decision to offer supports on non-compliance corn — as well as on corn produced within allotments — was recently announced by the Department of Agriculture for the third successive year. The Department called it an "unusual and emergency" program to "help stabilize current feed grain and fu-

ture livestock markets." To be eligible for price support, ear or shelled corn must be grade No. 3 or better except that corn grading No. 4 because of certain moisture requirements will also be eligible. The corn must meet certain moisture requirements and must be in adequate storage either on the farm or in a warehouse or elevator.
